

VILLAGE OF TUXEDO PARK
P.O. BOX 31
80 LORILLARD ROAD
TUXEDO PARK, NEW YORK 10987

Date: December 9, 2021
To: Village Board of Trustees
From: John Ledwith

I recommend declaring the following items located at the DPW shop as surplus at the December 15, 2021 Board of Trustees meeting and posting items on the Auctions International website for sale to the highest bidder

1. 2010 F250 Pickup with plow. Engine needs rebuilding

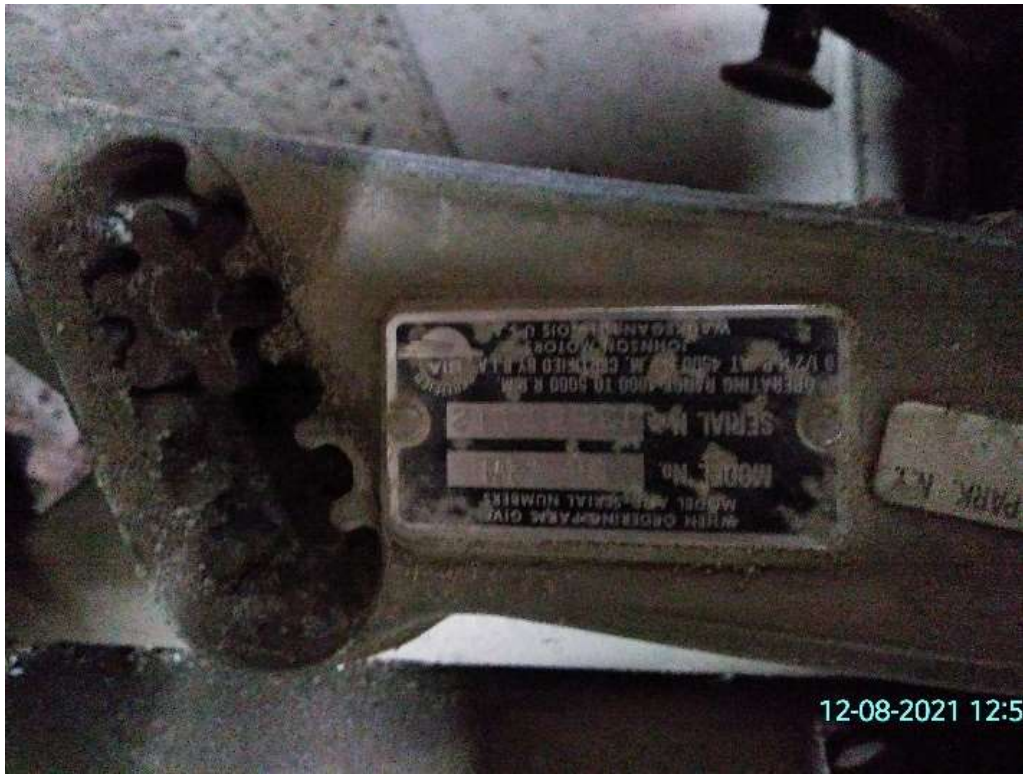

2. Sander – 2 yards

3. Johnson Outboard Motor 9.5 HP

4. Leaf Blower Conversion

5. Wisconsin engine with Kohler generator

6. Plow for 1990 Chevy Kodiak

7. Cement Mixer – Very Old, warn, and needs wheels for towing to site

8. Plow – 9’

9. Diesel Engine – Perkins 4 cyl.

10. Potassium Permanganate – Approximately 200 gallons over 10 years old.

Potassium permanganate is used extensively in the water treatment industry. It is used as a regeneration chemical to remove [iron](#) and [hydrogen sulfide](#) (rotten egg smell) from [well](#) water via a "Manganese Greensand" Filter. "Pot-Perm" is also obtainable at [pool](#) supply stores and is used additionally to treat waste water. Historically it was used to disinfect drinking water^{[9][10]} and can turn the water pink.^[11] It currently finds application in the control of nuisance organisms such as [zebra mussels](#) in fresh water collection and treatment systems.^[12]

11. Two 500 gallon aluminum fuel tanks on skids not leaking. One tank has 250 gallons of fuel oil that is over two years old. The second tank has 375 gallons of kerosene that is over 10 years old.

12. Fuel oil tank 1,000 gallons double wall
