Subject: CCTV Cameras

I am requesting that we upgrade our CCTV camera system that are in the Keep and South Gate. The current cameras that were installed several years ago are not conducive to our needs as most of them are analog as opposed to high definition digital cameras. In addition, some of these cameras only work intermittently.

It is imperative that the police officers working in the booth be able to use enhanced video technology to view vehicles and tags at the South Gate and have better quality recording at the main gate.

I am available to discuss these issues further if you would like.

Respectfully submitted,

David Conklin
Chief of Police
