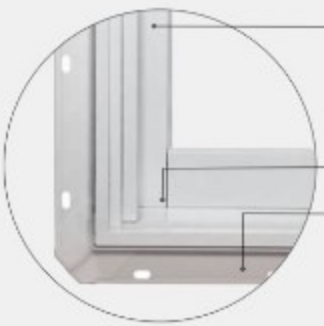
MODERN AESTHETIC, CLASSIC DESIGN

Our Signature Series double hung windows offer the best of all worlds — modern style, versatile operation, and cost-effective luxury. Maximize ventilation in your home and enjoy easy cleaning with a design that features slim lines and large glass profiles.

Sophisticated and Secure
Our top-of-the-line **locking hardware** is available in a surface-mounted configuration, in addition to the traditional flush-mounted lock.

Easy Cleaning
Both sash on the Signature Series double hung tilt in for **easy cleaning** by engaging the tilt latches on the top of each unit. The tilt latch locks the unit with one easy movement securing the unit against outside elements.

Working Undercover
The **concealed jamb liner**, available in both wood or vinyl, overlays all mechanical balance systems to create a tailored aesthetic.



High Quality Exteriors
Our aluminum exterior-clad wood products feature **commercial-grade premium paint** that resists fading and chalking. Extruded aluminum resists dents, dings and scratches and is backed by Weather Shield's 20-year limited warranty.

Butt jointed cladding accurately mimics traditional wood windows for a familiar aesthetic.

The Beauty is in the Details
The **rigid integral nailing fin** makes installation simple and provides more durability than flimsy snap-in or fold-out fins found with other windows.

INTERIOR & EXTERIOR OPTIONS

FINISH OPTIONS

Performance, quality and innovation are driving factors in everything we do, but we also believe in the importance of giving you all the style and aesthetic options you need to bring your dream home to life. Our Signature Series offers three wood species and a range of ten durable factory finishes — luxurious options at an affordable price point so your home can leave its mark on the neighborhood and not your wallet.

Durable Factory Finishes
Save time and money with factory finishing for all of our solid wood interiors. The wood is stained and sealed on all surfaces to repel moisture, and includes two Clear Satin top coats for durability and easy cleaning.

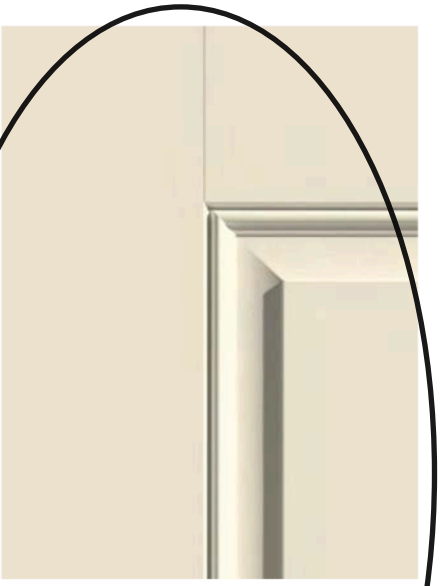
Fiber-Classic® Mahogany Collection™

Fiber-Classic Mahogany complements rich wood tones in home interiors, extending the look to the outside with beauty and elegance.

Fiber-Classic® Oak Collection™

Fiber-Classic Oak is the door that started the fiberglass revolution and features the warm look and feel of natural Oak graining.



Smooth-Star®

Smooth-Star fiberglass doors are ready-to-paint with crisp, clean contours making them the more attractive and durable alternative to steel.

SEE THE DIFFERENCE COLOR CAN MAKE.

Therma-Tru offers a wide variety of finish options for our doors. Explore PrismaGuard® premium finish and Same-Day® Stain color options on pages 258–264.

Glass Options

- Explore a portfolio of interchangeable decorative glass designs, and privacy and textured glass options starting on page 114.
- Lite frame options include Advanta™ lite frame with no screw plugs and a standard Lip-lite frame, starting on page 139. Both feature 22" wide glass and are suitable for use with a storm door.
- Welcome even more light into the home with EnLiten™ flush-glazed designs with 25–27" wide glass, starting on page 124.
- Low-E glass is available for internal blinds, divided lites and clear glass, providing exceptional energy efficiency.

Product Details

This bronze finish 3000K low voltage hardscape landscape light is part of an exterior lighting installation project.

Additional Info:

This landscape LED 3000K hardscape light is 6 inches wide and designed for use in Kichler and other outdoor lighting systems. A textured architectural bronze finish over aluminum construction matches or complements related components. With an average 40,000 hours at 3 hours per day of low voltage 12V LED lighting, it offers energy efficiency. Includes mounting bracket. By Kichler.

KICHLER ENERGY EFFICIENT LED LIGHTING

Shop all Kichler

- 6" wide x 3" deep x 3/4" high. Weighs 0.45 lb.
- Built-in non-dimmable LED module. 40 lumen light output, comparable to a 5 watt incandescent. 3000K color temperature. 80 CRI.
- Landscape energy-efficient LED hardscape light from Kichler.
- Textured architectural bronze finish over aluminum construction.
- LED averages 40,000 hours at 3 hours per day. Low voltage - 12V. Includes mounting bracket.

FINISHES THAT MEET ANY DESIGN OBJECTIVE

Englert is one of the few single-source metal roof manufacturers with an in-house coil coating line and an exceptionally broad range of finishes, whether the design calls for a natural weathered appearance or bright, high-performance, full-strength fluorocarbon colors.

Custom Colors

We can match the color of virtually any material, including brick, wood and fabric. Englert offers short lead times, and our minimum custom-color order requirements are among the industry's lowest.

ENGLERT®

SERIES 1000 PANEL SYSTEM

ARCHITECTURAL SYSTEM FOR COMMERCIAL AND RESIDENTIAL

1-1/2" ARCHITECTURAL SNAP-LOCK PANEL SYSTEM

Englert's Series 1000 system is designed for sloped roofs and other exterior surfaces of light commercial and residential projects. The 1000 profile, with concealed clips and fasteners, requires no mechanical seaming or separate seam cap. The narrow standing seam can be notched and bent to provide a smooth transition from roof to fascia or mansard. Knee caps are applied over the notched seams to create visual continuity.

SYSTEM APPLICATIONS

- Light duty for residential and commercial use
- 3"/12" minimum slope
- Must be installed over a solid deck

SUBSTRATES

- 26 and 24 gauge steel
- .032" aluminum

ENGLERT®

SERIES 1000 PANEL SYSTEM

FINISHES

Englert's Series 1000 system is available in a wide variety of coatings and colors. See the Englert color card for our full range of standard colors and paint system specifications.

Englert can match the color of virtually any material – including brick, wood and fabric – with short lead times as needed. Custom colors are available in quantities as low as 5,000 lbs. on steel or aluminum.

SYSTEM WARRANTIES

- Galvalume Plus® – 25-year steel warranty on acrylic coated Galvalume®
- PermaColor 2000 – 30-year steel or aluminum warranty on Kynar 500®/Hylar 5000® coating
- PermaMetallic 2000 – 20-year steel or aluminum warranty on Kynar 500®/Hylar 5000® coating
- Siliconized Modified Polyester – 15-year steel or aluminum coating warranty

RATINGS AND CERTIFICATIONS

- UL-90 rated over 5/8" plywood at 20" wide with clips at 18" o.c. (24 ga. steel)
- ASTM-E-84 Class A fire rating on coating and substrate
- Metro-Dade County wind driven rain tested at 70 mph
