Tom,

One question...who pays for the restocking?

Marc

Mayor Citrin,

Realizing the late nature of the below request, I fully understand if approval cannot be determined until the April Board of Trustees meeting. If this should be the case and it happens to be too late in the season for trout, the Club will gladly shift focus to a fall stocking, and a separate request will be submitted with ample time for necessary approvals. Thank you for your consideration.

Respectfully,
Tom

Mayor Marc D. Citrin
Village of Tuxedo Park
80 Lorillard Road
Tuxedo Park, NY 10987

March 27, 2024

Dear Mayor Citrin,

The Wee Wah Fishing Club is respectfully seeking Village permission to stock Wee Wah Lake this spring. With Village approval (as per Article 17 of the License Agreement), and in compliance with our attached 2024 DEC stocking permit, we seek to stock the below species through Beaverkill Trout Hatchery, a DEC-approved hatchery in Livingston Manor, NY.

- 150 brown trout (14-15")

- 150 rainbow trout (14-15")

Exact availability and price could not be guaranteed at this time, so any order may need to change by a minor degree. If approved, the stocking would take place in early to mid-April, when lake conditions are favorable. Any changes and updates would be communicated.

Please let me know what further steps might be required to seek the necessary permission from the Village. The Club is excited at the opportunity to contribute to this recreational resource, and I am happy to discuss any questions you or anyone else may have.

Respectfully,
Tom Fuller, President
Wee Wah Fishing Club
