Good morning,

The servers at Village Hall and the Police Department are both due for replacement, as they were installed in 2018. They are out of warranty and out of support on the operating system. I know your budget runs different than the normal town budget cycle, so if possible we'd like to do them now, but if not, please budget for next years budget for replacements. I expect the price to drop once I have Dell officially quote the server, this is just a budgetary server price with retail pricing.

Village Hall – Poweredge T160 with 5 year warranty: \$5500
